About Ronald McDonald House Ottawa

Each year, hundreds of families face the challenge of needing specialized medical care for their child at CHEO, often living too far to commute daily. Ronald McDonald House Ottawa offers these families a comfortable and loving home, just **167** steps from the hospital.

We have 2 Family Rooms in CHEO which provide local families the opportunity to do laundry, shower, have a cup of coffee, and catch their breath just steps away from their child's hospital room.

Our Ronald McDonald House has 36 private suites, offering a welcoming environment with a communal kitchen, library, games room, TV room, laundry facilities, free parking, and outdoor space. Volunteers create a nurturing atmosphere with home-cooked meals, movie nights, and celebrations.

The Babin family, from North Bay, stayed 150 nights while 10-year-old Brody bravely battled leukemia.

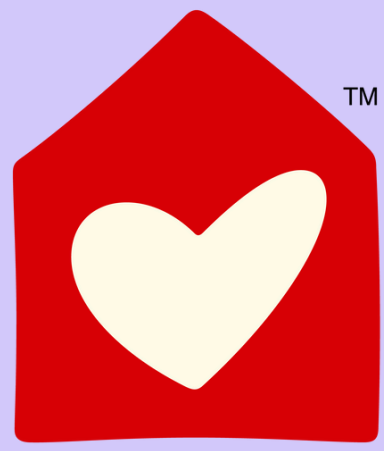

Families pay only \$10 per night, though our operational costs are over \$150 per night.

We operate based on community support and donations. Events like PJ Walk help us spread the word, but also enable us to continue providing families with a 'home away from home'.
